Borivali,Mumbai

SUMMARY

Enthusiastic web developer with hands-on experience in developing responsive and interactive web applications using HTML, CSS, JavaScript, and Tailwind CSS. Adept at translating ideas into functional, user-centric solutions and committed to writing clean, maintainable code. Eager to contribute technical skills and creativity to real-world development projects.

PROJECTS

AI Diet Planner (Mobile App)	Oct 2025 - Jan 2026
- Built a cross-platform mobile app using React Native & Expo - Developed AI-based personalized diet recommendations - Integrated Firebase backend for real-time data sync and authentication - Improved user engagement with smart meal planning and nutrition tracking	
SwiftRide – Ride Booking Web App	Apr 2025- June 2025
- Developed a responsive web app using Tailwind CSS - Integrated Map APIs for real-time tracking and fare calculation - Implemented authentication, ride history, and live tracking features - Optimized performance for smooth cross-device experience	
Geography Genius	Jan 2024 - Mar 2025
- Built an interactive quiz platform with leaderboards and gamification - Integrated APIs for managing quiz data and user progress - Implemented secure login and personalized user experience
